CORPORATE EVENTS IN THE FAST LANE

LET'S GET TO KNOW EACH OTHER

Trackdays.co.uk is a company with a rich history within the gift experience sector. We have been offering clients and guests 19 years of unrivalled knowledge and corporate days that have helped drive business forward for companies of all sizes.

We provide the most exciting and comprehensive range of corporate events in the UK from, Driving Supercars – To Indoor Skydives, From Hospitality at the F1 – To Christmas Parties, the options and scope are endless.

We can tailor a wide range of existing packages or create completely bespoke experiences to include catering, filler activities and conference/meeting room facilities.

Working with everyone from small family-run businesses to multinational corporations, clubs, associations, DMCs and event agencies we provide competitive, professional, safe and enjoyable events.

All our events are professionally run by expert instructors and event managers that love what they do. Safety and enjoyment are our priority across a great range of quality driving experiences.

TrackDays®

LIVE FAST DRIVE FASTER

Whatever the consensus or opinion is amongst petrolheads, it's agreed that the good times after WWII led to a revolution in automotive design and a shift in garage tastes for the everyday man or woman (not to mention their changes in fashion, music and other pop-culture too). The demand for luxury, speed and power paved the way for a new breed of road-legal and completely outrageous, 'supercars'. We've been hooked ever since and the rest is history.

We have an amazing selection of corporate Supercar driving experiences and events. Corporate supercar driving is a great way to entice new business, hold onto important clients and reward the performance of valuable team members. We can refine our existing corporate packages to suit your requirements or are able to create a completely bespoke event to suit your needs. All our events are professionally run and smiles are guaranteed. Locations Nationwide are suitable for groups of ten or more and we handle events for small and large companies.

- WE OFFER THE LARGEST RANGE OF SUPERCARS AND VENUES
- FROM REAL RACE CIRCUITS TO SMALL PROVING GROUNDS WE HAVE IT COVERED
- OFFERING EXCLUSIVE OR SHARED EVENTS DEPENDING ON BUDGET
- CAN INCLUDE MEETING ROOMS AND CATERING IF REQUIRED
- WE CAN HANDLE GROUP SIZES OF 5-100
- MULTIPLE-DAY EVENTS WITH OVERNIGHT ACCOMMODATION IF REQUIRED

WE ALWAYS BRING THE **SMOKE** ON OUR DRIFTING DAYS

Drifting is the art of driving at high speeds with the rear tyres of the vehicle sliding, whilst retaining control. On our CORPORATE drift experiences, we use a number of specially prepared drifting cars such as the Lexus IS2000, Skyline & 350Z, BMW M3, Caterham, Mazda Westfields and Porsche Caymans.

Get ready to get sideways with a [corporate drifting experience](#). Not all cars were built to go in a straight line, that's something you'll come to terms with when you learn to drift with one of our hugely popular drifting experiences. Take control of some of the best drift cars like the Nissan 200SX and learn how to burn rubber. Get started with an introduction to drift or take part in a learn to drift half day.

The great thing about drifting for a corporate day is that there is a real competitive element as you will be sure to see your colleagues and friends spin and lose control. Points and trophies can be added for most spins, longest drift and best drifter of the day.

Our action-packed drifting days are designed to teach you the basics and help develop your skills until you are a fully-fledged drifter! Drifting is becoming one of the most popular driving experience in the UK, with more and more people wanting to learn how to drift. You can get involved in some sideways action with clients and staff.

IF IT'S NOT **DIRTY** YOU'RE NOT OFF-ROADING RIGHT

Our [corporate 4x4 off-road driving experiences](#) are one of the most popular corporate activities, offering a fun-filled experience and a great way to get a team working together. We have locations across the UK offering mild to more demanding driving terrain that includes extreme inclines & declines, gorges, and water hazards.

Find the perfect off-road driving experience day. Head to the hills and open countryside and go off-grid as you prepare for mud, water and all kinds of challenging terrains in the King of the 4x4 world, the Land Rover Defender. Learn a whole new set of off-road driving skills as you take on inclines, slopes and torn up tracks.

- Venues UK wide
- Range of package options available
- Team off-road with quads,
- Prices to match all budgets
- Add a competitive element to your event
- Prices per person starting from £95pp

Buckle up and learn a whole new set of driving skills with A [corporate rally driving experience](#). Behind the wheel of rallying icons like the Mitsubishi Evo X and the Subaru Impreza STI or even the classic Ford Escort RS2000, you can feel like the next Colin McRae, Petter Solberg or Sebastian Loeb.

Expect to spend most of your time looking through the passenger and drivers side windows as you powerslide your way through the dust and the dirt.

With the help of our specially trained expert instructors, you will learn to tackle asphalt and gravel surfaces, along with how to handle the different styles of power delivery including front-wheel drive, rear-wheel drive and rallying's best friend, four-wheel drive.

POWER SLIDE YOUR WAY INTO THE WEEKEND

PSSST... HAVE YOU HEARD WHAT THEY'VE BEEN SAYING

Santander – Supercars – A break from the normal corporate day and with change comes risks, but the driving experience was by the far the best corporate outing the team have had.

Howdens Joinery – Rally Days – Just a quick email to say the rally day was fantastic. The day was excellent and we were very well looked after by the two girls and all the drivers, we were fed pretty well too

Deloitte – Supercar and Drift – The second consecutive year of using Trackdays for our group event. We managed to get one in just before the Lockdown and again in 2021 as soon as they re opened. Both times the teams had an absolutely fantastic time. We will be back.

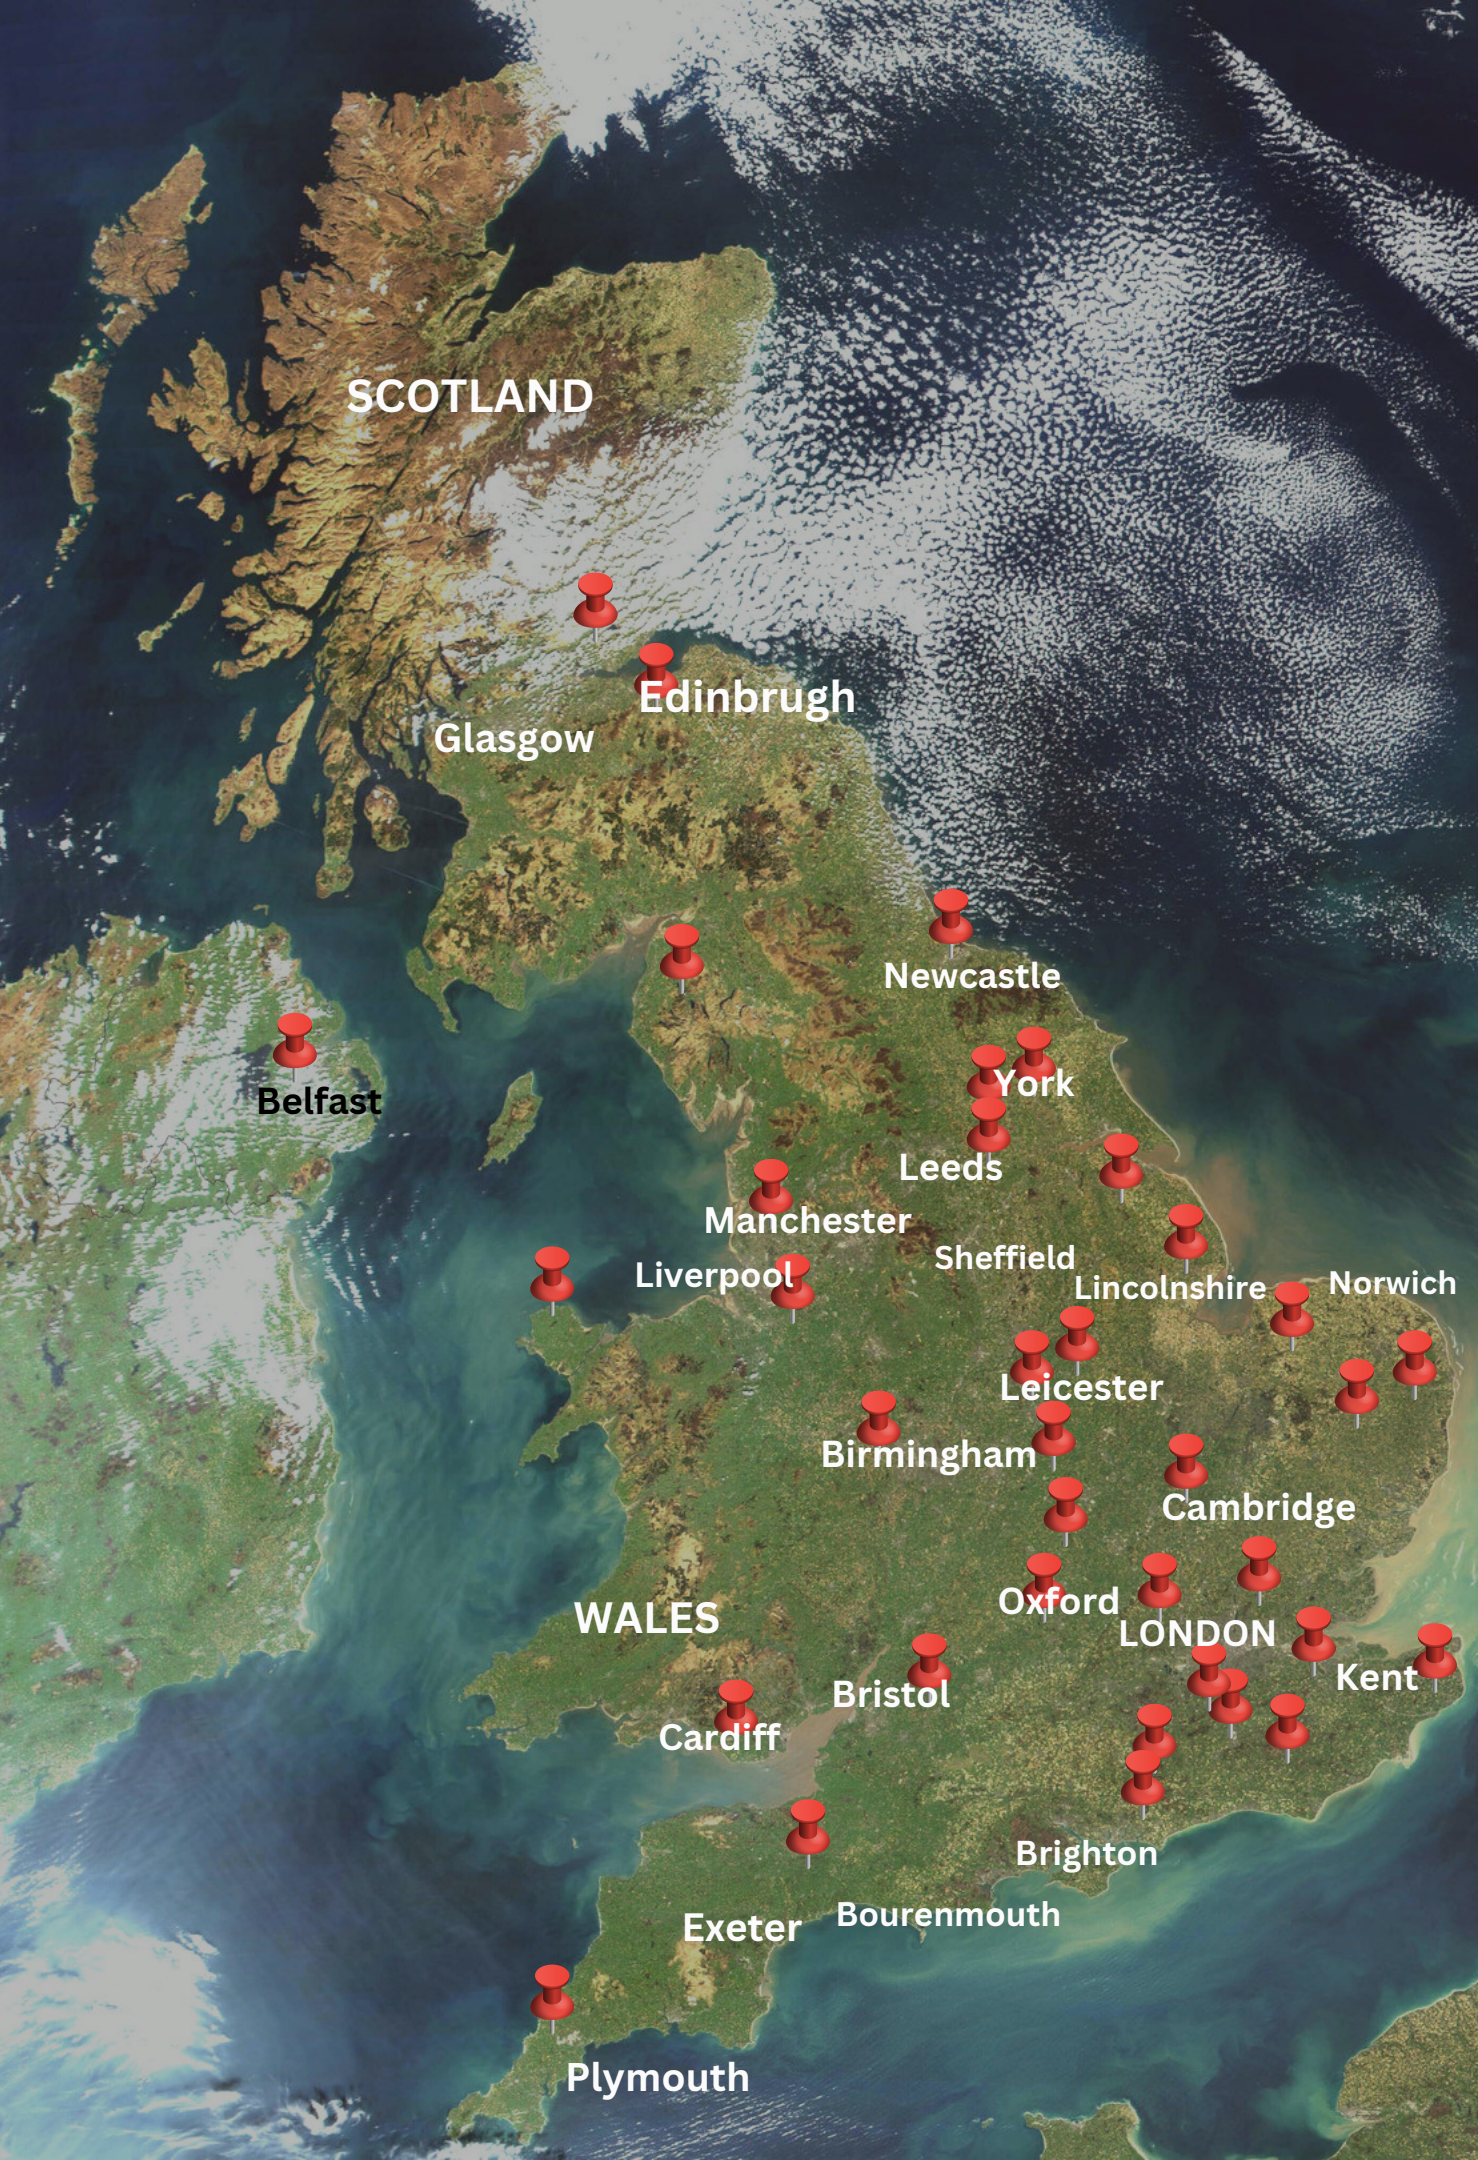

St James Place – Race Day Hospitality 2 Days – The days and the suite was first class they looked after us so well everyone enjoyed it so much, Thank you for your help it was a great success.

Allianz – 20 Events – Supercars – Considering we had 20 events booked over the course of the year, one would expect some issues to arise, but safe to say all events went without hitch. All the area managers and their respective teams had an amazing day. Thanks for all your help with the organising and logistics of each event.

AXA – GPS City Treasure Hunt – The evening was fantastic, going around the city with I pads and cameras looking for clues and then ending at the restaurant for a private dinner. The team were brilliant and can't fault the evening at all.

Biffa – Multiple Supercar Driving Days – I have fed back into the business that the morning was a success – with gracious hosts, engaging instructors and great cars – and the team thoroughly enjoyed themselves. I have already been asked to consider a repeat event for next year for my team, and have suggested that we use a similar experience as a competition/prize for our drivers to recognise and reward the efforts that they put in every day at the heart of our business.

IT'S ALL ABOUT LOCATION LOCATION LOCATION

Join The A-list

Indeed, driving a supercar doesn't have to be the reserve of the rich and famous, as TrackDays.co.uk has a fleet of fast and furious supercars just waiting to be enjoyed at circuits the length and breadth of the country.

Furthermore, many of these cars come with a six-figure price tag and can reach speeds of almost 200mph - and we're giving you the keys.

Fast Straights and High-speed Corners

Whether it's the thrill of putting the pedal to the metal down a long straight or the technical challenges of staying on the racing line when tackling a high-speed corner, these venues have something for everyone.

There's even the chance to drive more than one supercar as most circuits have multiple car packages, sometimes even allowing the opportunity to experience up to six phenomenal machines.

From Dorset to Scotland's East Coast

Thanks to TrackDays.co.uk you're never far from a driving venue. Our locations stretch from the depths of Dorset to Scotland's rugged east coast and cover many parts of the UK in between.

No matter where you live in the UK, there's the opportunity to test your driving skills to the limit or book an unforgettable experience for a family member, loved-one, friend or work colleague.

Cars are the Stars (plus trucks!)

Our fleet of supercars is a roll call of some of the most amazing supercars on the planet, most often seen on a bedroom wall poster.

If you've ever fancied driving a Ferrari, Lamborghini, Aston Martin, Porsche, McLaren or a fully prepped rally car, then now's your chance.

However, if speed isn't your thing, then we've also got trucks, classic and movie cars, which offer their own unique charm. There's also a variety of junior driving experiences, so the kids can join in the fun!

Example 4 Hour Exclusive in Loughborough

EVENT ITINERARY

Supercar Itinerary

- Exclusive use of Prestwold Hall Driving Centre
- Welcome registration with our friendly hospitality team
- 2 hosts for the group
